SUMMARY

Computer Science undergraduate at BINUS University with a growing career focus on Cloud Computing and software development. Building a solid foundation in MySQL, HTML, CSS, and JavaScript, with a strong interest in expanding into cloud platforms, infrastructure, and modern deployment practices. Eager to apply analytical and problem-solving skills to real-world technical challenges through hands-on academic and personal projects.

Extroverted and responsible individual with leadership and organizational experience through the Student Council (OSIS), where I successfully coordinated 7 work programs as Section Coordinator and managed committee logistics as Treasurer for the Yearbook and Graduation Committee. Skilled in teamwork, event coordination, financial management, and stakeholder collaboration, with a strong drive for continuous learning and a genuine interest in applying cloud computing to solve practical, real-world problems.
